10 Yu Tsz Hin, Jacky

I felt very happy to join the adventure events during the study tour. The campfire activity was truly unforgettable. We sang songs, danced, and talked to each other. It was a great bonding experience with the scouts from Taiwan and Thailand. I will always remember the warmth of that campfire.

2H Chan Nam

The study tour was a great chance for me to visit tourist spots in Taiwan. I felt amazed when I saw the Taipei 101 building. It is a tall, modern skyscraper that is one of the most famous landmarks in Taipei. I also really enjoyed the delicious food in Taiwan. The flavors were so unique and tasty.

2M Lai Yan Yin, Libby

I learned a lot about the culture in Taiwan and Thailand from the study tour. I now have a better understanding of the traditions, customs and way of life in these two places. The exchange activities were very enlightening.
